ABHISHEK BIRAJDAR

Pune, Maharashtra, India | +91-7038343793 | birajdarabhishek41@gmail.com | LinkedIn: Abhishek-Birajdar | GitHub: Birajdar-Abhishek

PROFESSIONAL SUMMARY

Entry-level Full Stack Developer with hands-on experience building responsive and scalable web/mobile apps using **Node.js, Angular, MySQL, MongoDB, and REST APIs**. Adept at **problem-solving, communication, and cross-functional collaboration** in Agile teams. Proficient with tools like Docker, GitHub Actions, and Postman. Passionate about clean code, time management, and continuous learning. Delivered real-world impact by improving system performance, reducing load time, and automating workflows.

TECHNICAL & SOFT SKILLS

Languages: JavaScript, Java, HTML5, CSS3, TypeScript,
Frontend: Angular, Ionic, Bootstrap, Responsive UI Design
Backend: Node.js, Express.js, CodeIgniter, REST APIs, JWT Auth
Database: MySQL, MongoDB
DevOps/Tools: Git, GitHub, Postman, VS Code, Eclipse
Workflow: Agile, SCRUM, CI/CD, MVC, Jira
Soft Skills: Communication, Teamwork, Problem Solving, Adaptability, Time Management, Attention to Detail, Accountability, Self-Learning

INTERNSHIP EXPERIENCE

Full Stack Developer – Mitech Solution, Pune *May 2025 – Present*

- Developed and delivered two complete web development projects from design to deployment.
- Contributed to large-scale applications, including CRM Dashboard and SKDCPL Dashboard, enhancing functionality and fixing critical bugs.
- Implemented responsive UI/UX using Bootstrap and Angular for mobile-friendly and visually appealing interfaces
- Integrated RESTful APIs between frontend (Angular) and backend (Node.js / PHP CI4).
- Collaborated in an Agile environment with version control (Git) and daily stand-up meetings.

Junior Software Developer – Akshada Infosystem, Pune *Oct 2024 – Mar 2025*

- Created REST APIs in Node.js and integrated MySQL for data-intensive apps.
- Improved DB performance by 25% through query optimization and schema tuning.
- Tested 30+ endpoints using Postman; documented APIs with Swagger.
- Demonstrated strong self-learning and adaptability by quickly onboarding new tech stacks.

PROJECTS

Anti-Cancer Drug Response Prediction Using Gene Expression *Academic Project*

- Trained ML models (Random Forest, SVM) on gene expression data to predict cancer drug effectiveness.
- Achieved 88% model accuracy on real-world datasets from TCGA and GEO.
- Created visual reports and dashboards to present data insights clearly.

Hospital Token System (QR-based Patient Queue Management)(Link)

- Built frontend UI pages using **Ionic Framework** with seamless REST API integration.
- Implemented a **QR-based patient registration workflow** where users scan a QR code, fill details, and generate tokens.
- Designed a **reception dashboard** to display live token queues for smooth hospital operations.

- Developed doctor and admin modules where doctors complete treatments, triggering the next token automatically.
- Ensured responsive design, real-time updates, and user-friendly navigation for patients, doctors, and hospital staff.

Marketing Website for Internship Company (Link) *Internship Project*

- Developed a mobile-first, SEO-optimized website using HTML5, Bootstrap, Node.js.
- Implemented secure backend APIs with MySQL and Express.js.
- Improved performance and UX, resulting in 22% lower bounce rate.
- Applied attention to detail in code structure, UI consistency, and cross-browser testing.

Charak Shree – Ayurvedic Wellness Website (Link) *Internship Project*

- Technologies: PHP (CodeIgniter 4), MySQL, HTML5, CSS3, JavaScript, Bootstrap, jQuery
- Developed and deployed a fully responsive Ayurvedic wellness website using CodeIgniter 4 MVC framework.
- Designed user-friendly layouts and optimized UI/UX for mobile, tablet, and desktop views.
- Integrated SEO-friendly URLs, meta tags, and schema for better search engine visibility.

CERTIFICATIONS

- **Full Stack Developer –** Java by Kiran (Node.js, Angular, Java, MongoDB), 2024
- **Cybersecurity Paper –** Cyber Security in the Age of Digital Transformation (2024)
- **Academic Certification –** Anti-Cancer Drug Prediction Project (2025)
- **Internship –** MiTech Solution (Aug 2025), Akshada Infosystem (Mar 2025)
- **NSS Leader –** Led 3 campaigns impacting 100+ people through social innovation

EDUCATION

Bachelor of Engineering – Computer Science **CGPA: 7.00 / 10**
Navsahyadri Group of Institutes, Pune *Dec 2021 – Jul 2025*

Higher Secondary Certificate (HSC) **60.67%**
Shivabhumi Vidyalay, Khed-Shivapur, Pune *Mar 2021*
